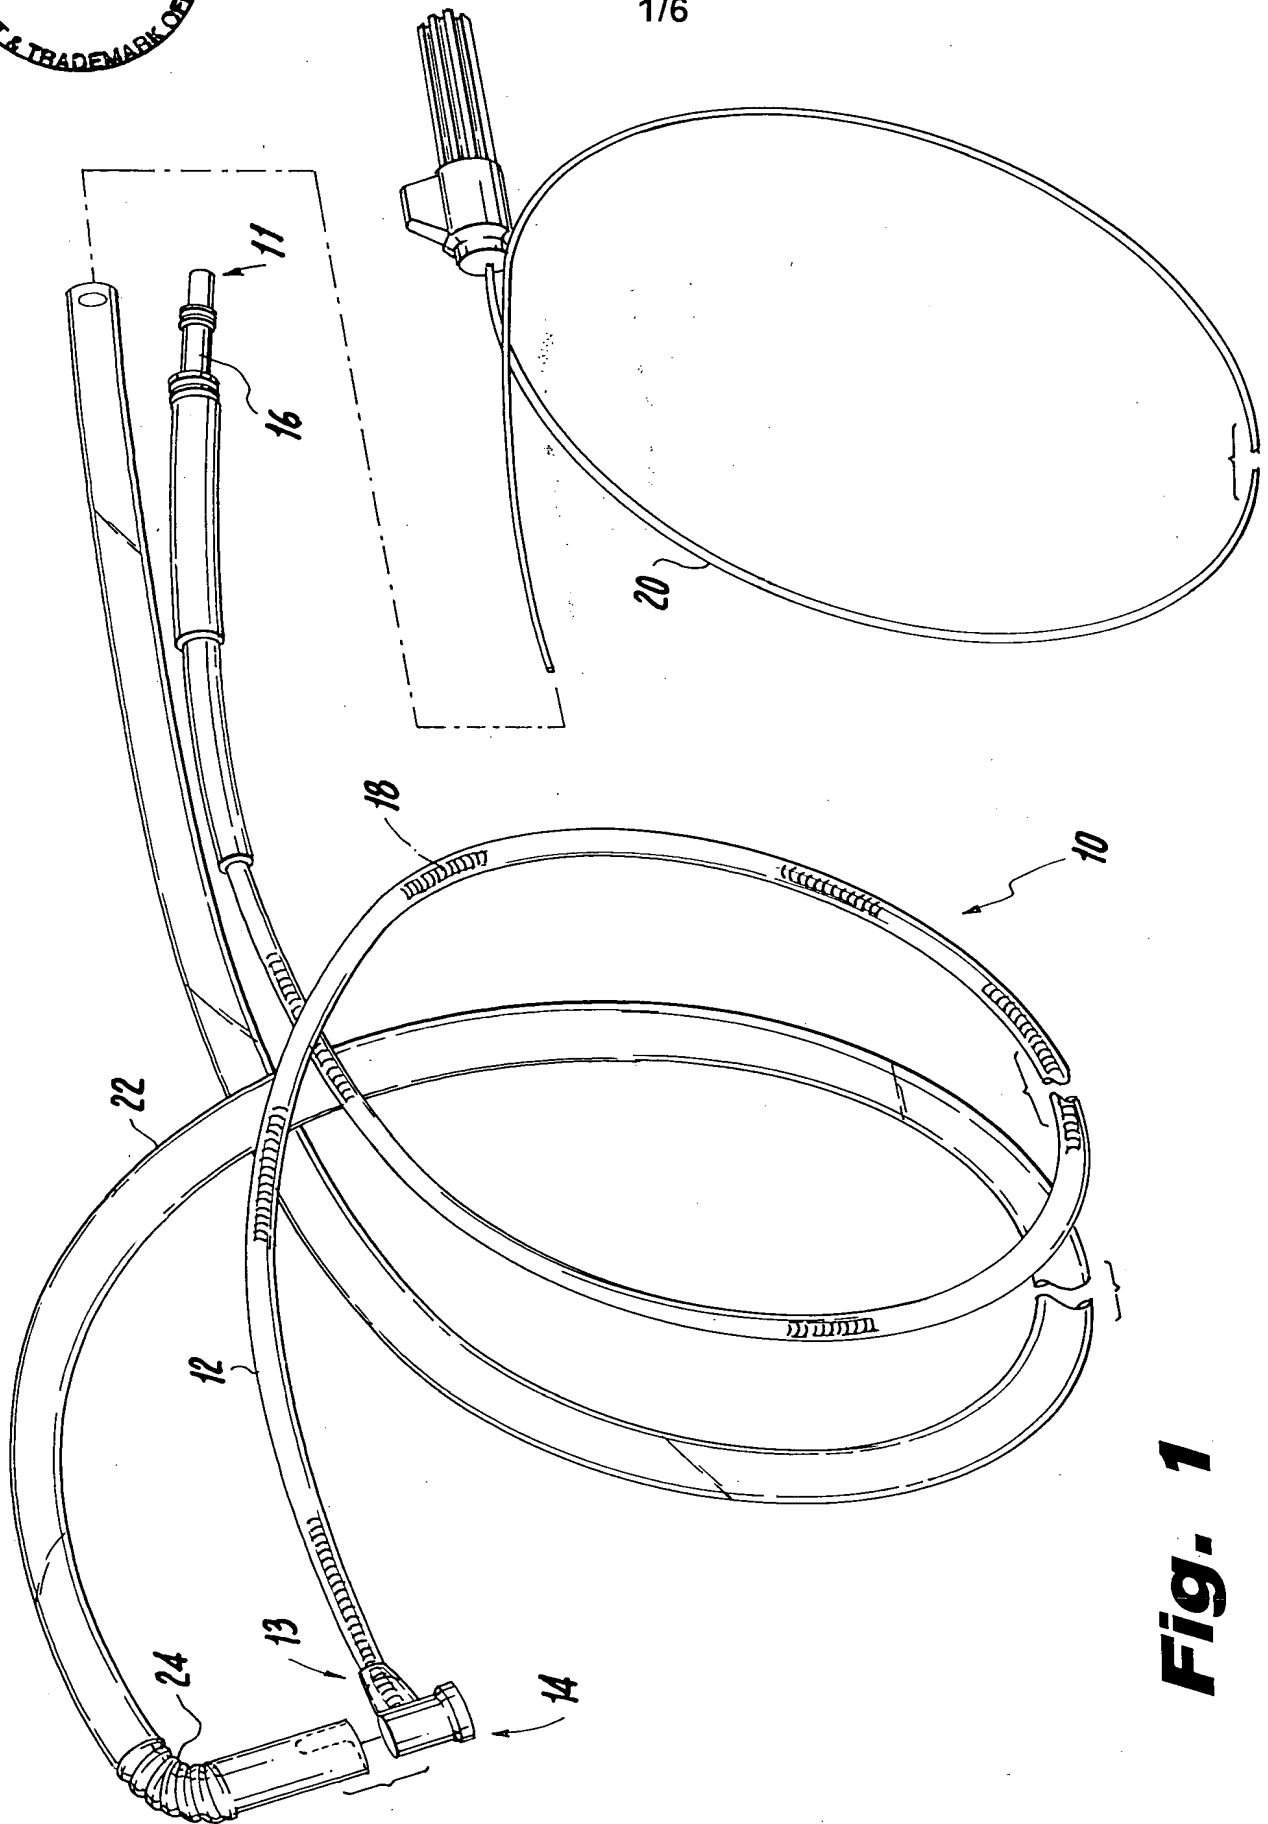

Fig. 1

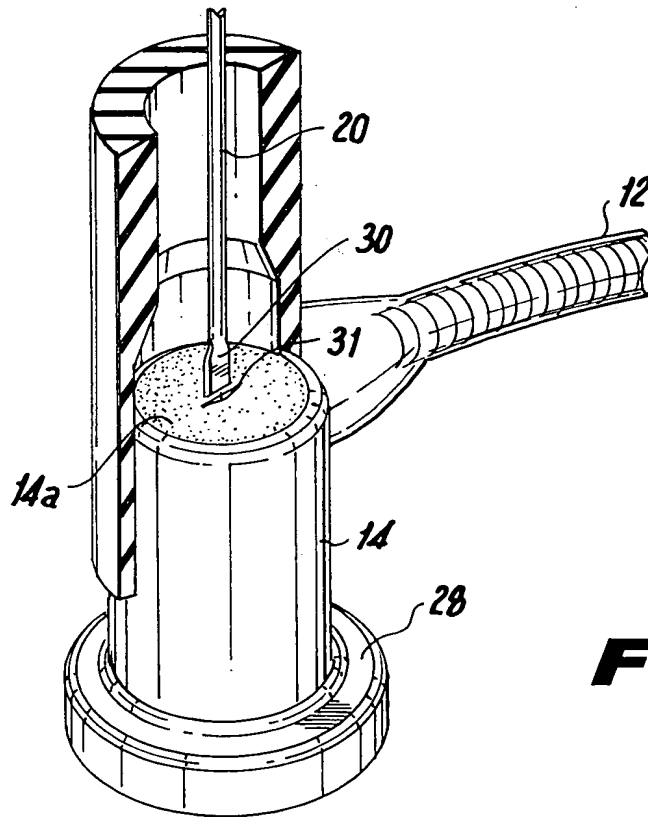

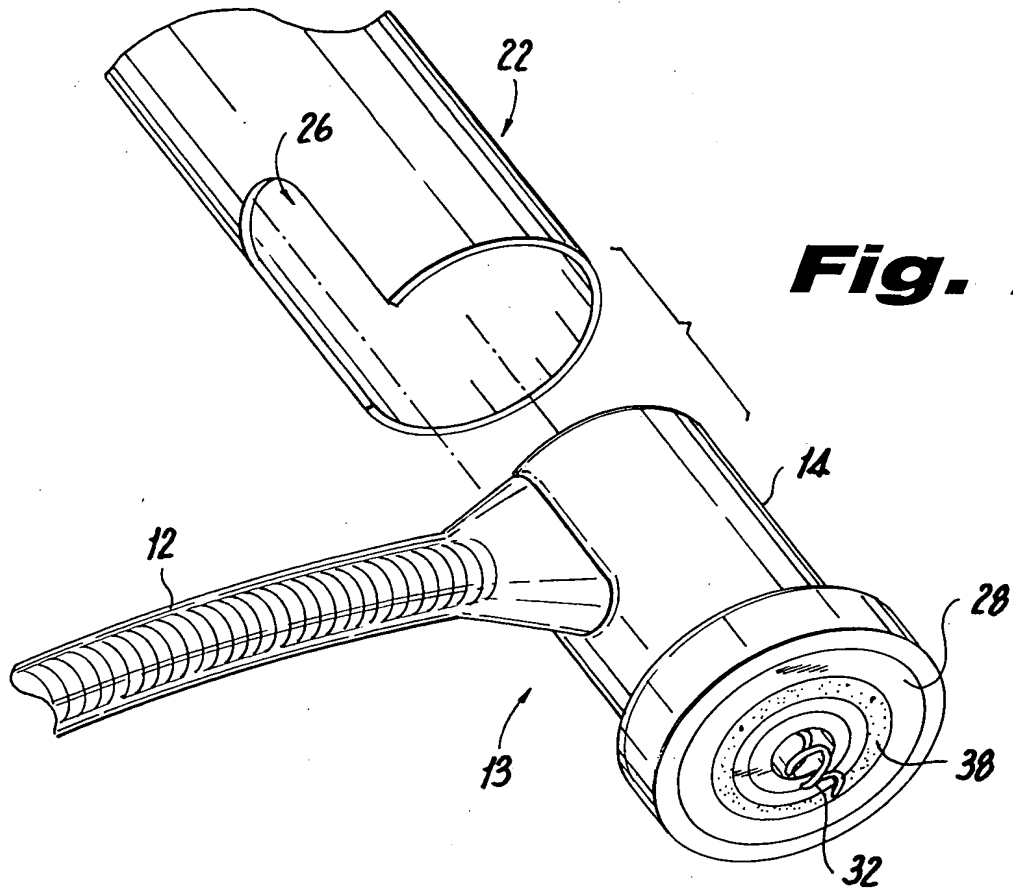

Fig. 4a

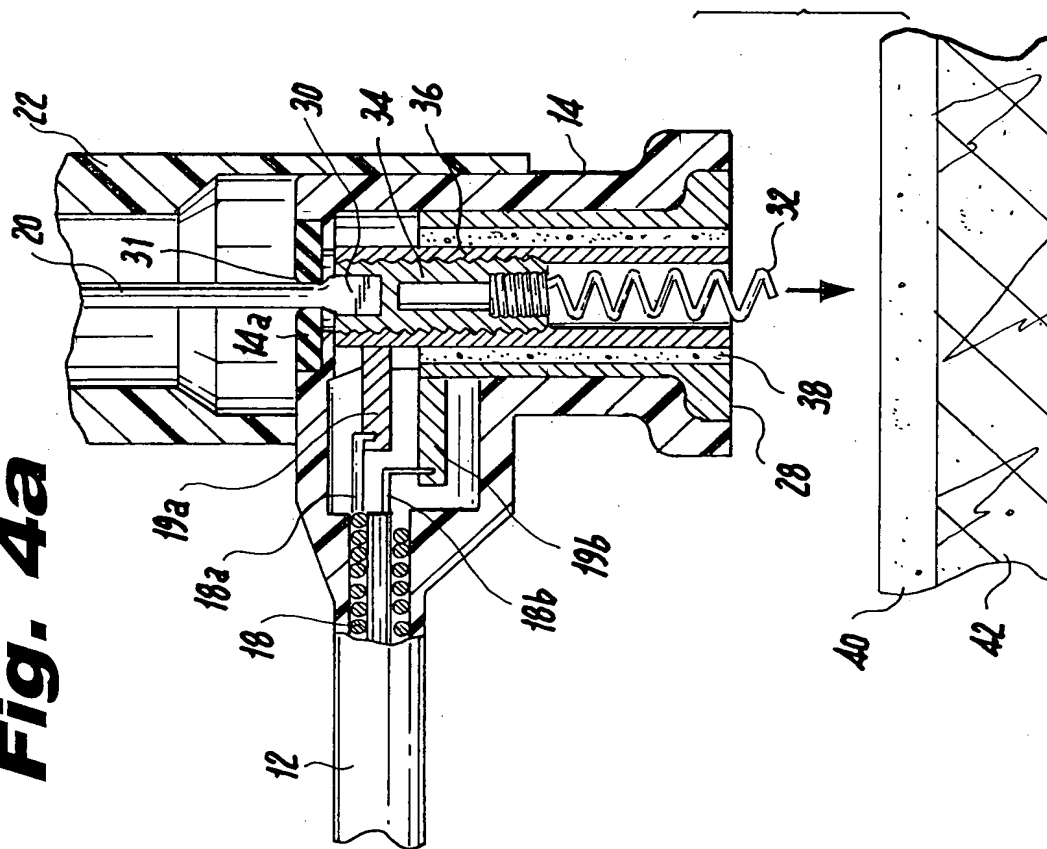

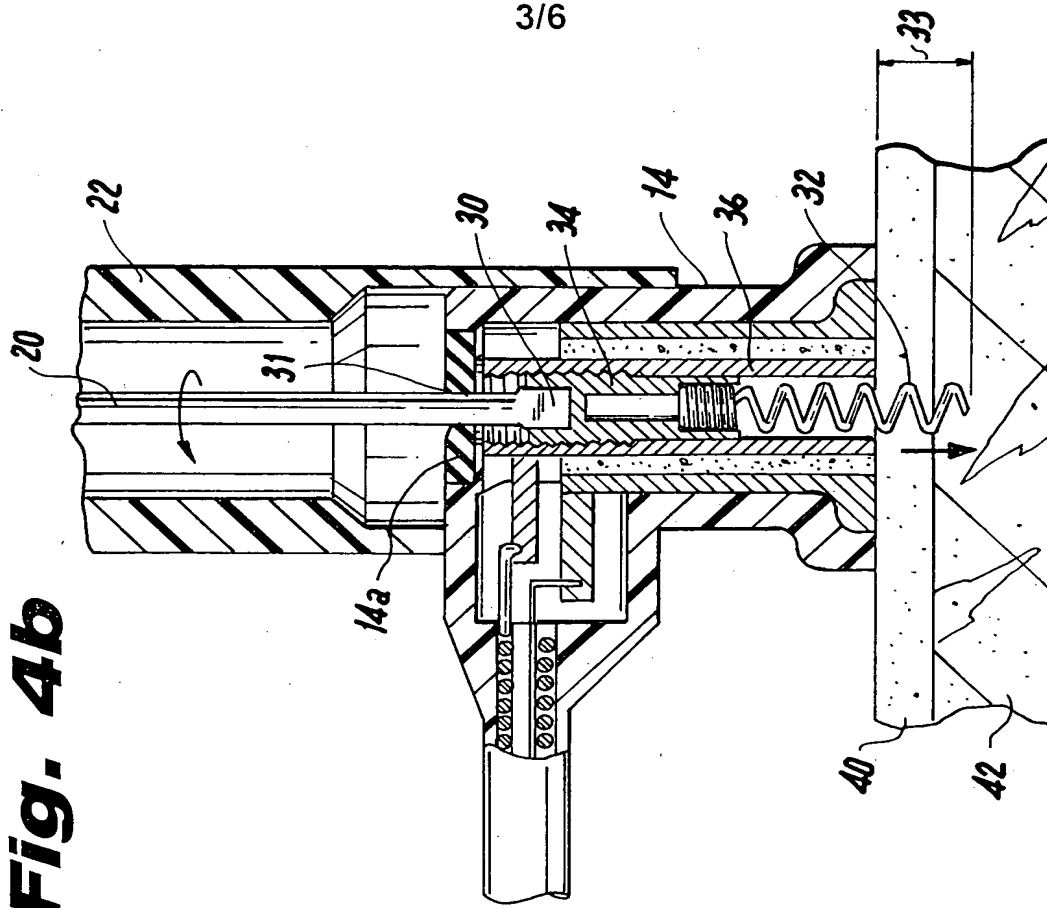

Fig. 4b

A cross-sectional view of a device. A central wavy structure, labeled 32, is shown within a housing. The housing has a top layer labeled 28 and a bottom layer labeled 40. The wavy structure 32 extends from the top layer 28 down into the bottom layer 40. The bottom layer 40 has a wavy internal structure labeled 54. The bottom layer 40 is shown with a break line, indicated by two parallel diagonal lines, suggesting it continues below the shown section. The bottom layer 40 is labeled 42 at the bottom right.
